

Comprehensive Profile: Government College of Engineering, Dharmapuri (TNEA 2026)

1. Institutional Identity and Admissions Framework

In the Tamil Nadu Engineering Admissions (TNEA) ecosystem, selecting a state-owned government institution is a strategic maneuver for families prioritizing fiscal transparency and meritocratic entry. These institutions operate under a standardized fee structure mandated by the State Government, effectively eliminating the "hidden costs" and development fees associated with many private tier-2 colleges. Since 100% of the seats are allocated via the TNEA counseling process, the student body is formed strictly through academic merit, ensuring a peer environment characterized by standardized performance thresholds.

Core Institutional Identity

Field	Details
Full Name	Government College of Engineering, Dharmapuri
Short Name	GCE Dharmapuri
TNEA Code	2369
Institution Type	Government College
City	Dharmapuri (Chettikarai)
District	Dharmapuri
Pincode	636704
Year Established	2013
Affiliated University	Anna University, Chennai
Admission Route	100% Government Quota (TNEA)
Gender Profile	Co-educational

As a non-autonomous, state-owned entity, the college is governed directly by the academic regulations and examination schedules of Anna University. Administratively, the college functions under the Higher Education Department of Tamil Nadu, providing a high level of institutional stability.

2. Founding Heritage and Mission

The Government College of Engineering, Dharmapuri, was established in 2013 as part of a targeted expansion of the state's technical education infrastructure. It was the tenth state-owned government engineering college to be founded in Tamil Nadu, positioned specifically to serve the northern districts and provide high-quality technical education to meritorious students from diverse socio-economic backgrounds.

Located in Chettikarai, the institution has maintained continuous affiliation with Anna University since its founding. The college's mission focuses on student empowerment through specific interventions, including a UPSC IES Study Centre aimed at technical civil services and an NPTEL Local Chapter. These initiatives are designed to bridge the gap between standard university curriculum and competitive professional requirements.

3. Regulatory Status and AICTE Approval

AICTE approval remains the primary benchmark for the legitimacy of technical education in India. For the 2025-26 Academic Year, the Government College of Engineering, Dharmapuri, has secured its Extension of Approval (EoA). This certification validates that the institution meets the mandatory standards for infrastructure, faculty-to-student ratios, and laboratory equipment.

The total approved undergraduate intake for the 2026 cycle stands at 360 seats. Maintaining this regulatory status is essential for ensuring that the degrees conferred are valid for public sector recruitment and higher education across India.

4. Undergraduate Program Portfolio (TNEA 2026)

The academic portfolio at GCE Dharmapuri maintains a traditional core, supplemented by a recent expansion into the technology sector. For the 2026 intake, the institution offers six distinct branches, each with a uniform intake capacity.

Approved Undergraduate Programs

Branch Name	Branch Code	Approved Intake	Year Started
Civil Engineering	CE	60	2013
Computer Science and Engineering	CS	60	2013
Electrical and Electronics Engineering	EE	60	2013
Electronics and Communication Engineering	EC	60	2013
Mechanical Engineering	ME	60	2013
Information Technology	IT	60	2025

The **B.Tech Information Technology** program is the institution's "New-Age/Emerging" branch, having been introduced in the 2025-26 cycle.

5. Faculty Profile and Academic Leadership

The academic environment at GCE Dharmapuri is significantly influenced by a high concentration of faculty members on deputation from established institutions such as Annamalai University. While this provides students with access to experienced scholars, it also indicates that the institution is still in the process of building a fully independent, permanent internal faculty base.

Academic Leadership and Key Personnel

- **Dr. V. Sumathy (Principal)**
- **Dr. S. Senthil Kumar (Vice Principal)**
- **Dr. A.M. Kalpana (HoD, Computer Science)**
- **Dr. N. Ameena Bibi:** Associate Professor & HoD, ECE (M.E., Ph.D.).
- **Dr. M. Arivamudhan:** Professor, ECE (M.E., Ph.D. — Deputed from Annamalai University).
- **Dr. R. Thiyagarajan:** Associate Professor, ECE (M.E., Ph.D. — Deputed from Annamalai University).

- **Dr. T. Balamurugan:** Assistant Professor, ECE (M.E., Ph.D. — Deputed from Annamalai University).

6. Campus Infrastructure, Hostel, and Connectivity

The campus infrastructure is designed to accommodate a residential student population, though facilities are strictly functional rather than luxury-oriented.

Hostel Facilities

- **Accommodation:** Permanent hostel buildings are available for both boys and girls.
- **Specifications:** All residential units are Non-AC.
- **Mess:** Catering is limited to Vegetarian (Veg) meals.

Campus Amenities The campus includes a Health Centre, an on-site Gym, a Guest House, and the Dr. A.P.J. Abdul Kalam Auditorium. A Foreign Language Laboratory is also available to support linguistic skill development.

Connectivity and Transport

- **Transport Facility:** The institution does not operate a dedicated bus fleet.
- **Railway Proximity:** Approximately 8 km from Dharmapuri Railway Station.
- **Road Access:** The campus is located on the **Harur Main Road**, roughly 5 km from the main Dharmapuri town headquarters. Students are required to utilize public transit or private transport for daily commutes.

7. Scholarships and Financial Access

Government colleges are the primary vehicles for state-sponsored financial aid, aimed at reducing the economic barriers to professional education.

Available Financial Aid and Scholarships

Scholarship Name	Administering Body	Target Group
SC/ST Tuition Fee Scholarship	Govt. of Tamil Nadu	SC/ST students
BC / MBC / DNC Scholarship	Govt. of Tamil Nadu	BC, MBC, and DNC students
First Graduate Scholarship	Govt. of Tamil Nadu	First-generation graduates
Minority Scholarship	Govt. of India	Minority community students
Post-Matric Scholarship for OBC	Central Sector	OBC students
PM Vidyalaxmi Scheme	Central Government	Eligible students (per norms)

Furthermore, the college participates in the **SCOUT** (Scholars for Outstanding Undergraduate Talent) program, which has previously facilitated international skills training at Durham University, England, for high-performing students.

8. Research, Innovation, and Institutional Achievements

The institution maintains an active Research and Development (R&D) Cell and an Entrepreneurship Development Cell (EDC). These bodies are responsible for coordinating extracurricular technical activities and fostering a culture of innovation beyond the Anna University syllabus.

A notable benchmark of student capability is the college's recent achievement in "**Niral Thiruvizha 2.0**", a Tamil Nadu Government initiative, where the institution secured two separate wins, each accompanied by a ₹1 Lakh cash prize.

Student Outcomes Based on TNEA 2025 data, the institution reported a **66% placement rate**. Prospective students and parents should note that granular, branch-specific placement data and average salary packages are currently not published in a verifiable format on the official college website.

9. Closing Branding and Disclaimer

Information sourced from the college's official website, TNEA portal, and government data sources as available at time of preparation. Details may change — verify with official portals and the college website before making admission decisions.
